September, 2019

Dear Colleagues,

As we approach this year’s annual enrollment, we look forward to 2020. Here’s to your continued journey to optimal health and overall well-being. Do it for yourself – and for your family! They need you and we do too.

Please read through the entire packet – there is a lot of information here and you are responsible for understanding your benefits and enrolling properly.

Are you leaving money on the table? See page 3 for more information...

Are you currently participating in the PPO plan? See page 3 to learn how you can save hundreds in 2020 on your premiums.

What can you do to keep your premiums low?

- Make an appointment for you and all family members with your primary care physician for an annual exam – preventive services are covered by the plan at 100%.
- Choose to have medical services at West Tennessee Healthcare facilities whenever possible.
- Participate in annual screenings appropriate to your gender, age and family history. Examples:
  - Immunizations
  - Well woman exam including pap smears
  - Mammogram
  - Colonoscopy
  - Prostate exam
- Know your numbers and be engaged in actively improving your health and well being.
- Eat well and exercise regularly!
- Get a flu shot.

Thank you for all that you do every day, for our patients, their family members, and our community. West Tennessee Healthcare’s vision is to be chosen by our staff, our physicians and our community as the best place to work, the best place to practice and the best place to receive comprehensive care.

We are honored to have you as a member of our team!

Wendie Carlson, MBA, SPHR, SHRM-CHP
Chief Human Resources Officer
What You Need To Do

Note: This year the annual enrollment is considered to be a “passive enrollment”. What this means is that your current selections will roll over to 2020 without you having to go into the portal to make any changes. This will happen to all benefits except Flexible Spending Accounts (FSA) and Health Savings Accounts (HSA). You must re-enroll in these benefits each year. If you are going to have medical coverage with WTH for 2020, you must complete the tobacco surcharge form. If you’re enrolling a spouse, you must also complete the spousal surcharge form.

Enrollment Checklist

- Review enrollment packet posted on the WTH Intranet to determine benefit selections. If you have any questions, be sure to ASK ALEX! Link located on WTH Intranet>Human Resources>Benefits
- Review enrollment instructions in the Employee Self Service Portal Instruction Manual located on the WTH Intranet>Human Resources>Benefits
- Before enrolling, make sure any new eligible dependents are listed. Instructions for adding dependents are located in the instruction manual.
- If new dependents are added you must send copies of appropriate verification documents with your employee number to Benefits
  - To verify a spouse, you will be required to furnish a copy of the state-issued marriage license or marriage certificate and the first page of your Federal Tax Return (1040) or documents proving joint ownership, such as mortgage statements, credit card statements, bank statements, and leasing agreements listing both parties’ names as co-owner.
  - Verification of children will require a state-issued birth certificate or legal documents related to foster or adoption placement.
  - Documents should be sent to Benefits with employee name and identification number on each document, faxed to 731-265-1130, or brought to an annual enrollment support open house session.

Optional: Attend an annual enrollment support open house session (see dates below)
- To learn more about your choices;
- Talk with benefit vendors
- Get questions answered
- Hand deliver verification documents for newly added dependents

- Enter your benefit selections in the Employee Self Service Portal by Sunday, November 10, 2019. WTH Intranet>Links>Employee Self Service Portal

- Print confirmation

If you do not actively enroll in 2020 benefits using the Employee Self Service Portal, some of your benefits will default to current plans. Exceptions:
- Flexible spending accounts will not default from previous year selection.
- Health savings account contributions will not default from previous year selection.

Are you leaving money on the table?

In order to get maximum contributions from West Tennessee Healthcare into your HRA, HSA or health incentive account, do the following.

- Complete your annual health assessment by December 15, 2019
  - And, $100 will be deposited into your HRA or HSA (Option 1 and 3 participants),
  - Or, $50 will be deposited into your health incentive account (Option 2 PPO plan participants).
  - Incentives will be deposited in January 2020.

Why? We want you to know your numbers and understand your health risks.

- Go see your primary care provider (PCP) for an annual wellness or well-woman exam.
  - Once Aetna processes your claim WTH will deposit $100 into your HRA or HSA,
  - Or, $50 will be deposited into your health incentive account (Option 2 PPO plan participants).

Why? Having an established relationship with a PCP is foundational to your health, and preventive medicine is a critical, and free part of your annual wellness regime.

Are you currently enrolled in Option 2 PPO plan?

You could save $$ by changing to Option 1 Deductible with HRA

If you are participating in Option 2 PPO plan you are paying the highest premium. Is this the year you should consider changing to option 1 HRA plan?

You could save up to

- $754 per year for employee coverage,
- $1,768 per year for employee + 1, or
- $2,496 per year for family coverage in 2020 on premiums.

WTH contributes money into your HRA account automatically. These dollars are used to off-set your deductible. If not used they roll over into the next plan year.

Ask Alex... he will help you understand the difference in costs and potentially save you money if you change plans.

Changes to Option 3: High Deductible Plan with Health Savings Account (HSA)

A health savings account holds employees’ tax-deductible contributions that can be used for qualified medical expenses (including eligible dental and vision). West Tennessee Healthcare contributes to these accounts, too. HSAs are only available to employees who participate in our high-deductible health plan.

Why consider the high deductible plan with HSA?

- It has the lowest bi-weekly premium because the risk is higher than alternative plans.
- There are several tax advantages:
  - Your contributions are not subject to federal income tax (FIT).
  - Once your account balance reaches $1,000 it will begin to earn interest, and you can choose investment accounts to maximize investment income, which is not subject to FIT.
  - As long as the money in your HSA is used for qualified medical, dental and vision care expenses it isn’t taxed as income when you use it.
- HSAs roll over from year to year;
- You own all of the money in your HSA – the money moves with you if you leave WTH.

Often, the notion of a high deductible is frightening, so we are making changes to promote utilization in this plan. WTH contributions are being increased in 2020 to match the amounts contributed to Option 1 Medical Plan with Health Reimbursement Account (HRA):

You can also contribute to the plan, using pre-tax dollars. The combined maximum contributions allowed by the Internal Revenue Service (IRS) for 2020 are

- Individual $3,550
- Family $7,100

- Catch up contributions up to $1,000 are available if you are 55+ in 2020.

New: Hospital Indemnity Plan

Our hospital indemnity plan provides fixed payments directly to members when they have a covered inpatient hospital.

Health Advocate will not be available effective 1-1-2020

Wellness exams and other preventive services are covered at 100%, regardless of which medical plan you choose.
Health Risk Assessment

Complete yours to earn additional $$ in your HRA and HSA account.

Available Oct 1st – December 15th

(link can be found on the intranet-Human Resources-Benefits)

To complete the assessment, you will need to "Know Your Numbers".

- HDL cholesterol
- LDL cholesterol
- Total cholesterol
- Triglycerides
- Glucose
- Blood Pressure
- Height
- Weight

These numbers were provided to you at your Annual Health Update if you had your labs completed for Healthy Heights. You can also obtain these numbers by visiting your PCP (primary care provider) and having your annual wellness visit, which is 100% covered under our medical plan.

Why does WTH offer the health assessment?

The goal of the health assessment is to help improve your health and well-being in two ways.

- First, it provides health information you can use for discussions with your physician and helps you understand the effect that lifestyle choices may have on your health.

- Second, it helps WTH know what types of education and support programs would be most useful to our employees. There are many things that contribute to weight, BMI, cholesterol and glucose numbers. Some of those things can be controlled; some can't. The goal of the assessment is to help you, not to increase premiums.

What’s in it for me?

Not only does West Tennessee Healthcare provide you with the health risk assessment so that you can take the first step in living a healthier life, but also they PAY you for taking it!

Employees on the Option 1 HRA plan will earn $100 EXTRA in their HRA. Employees on the Option 2 will earn $50 EXTRA in a Health Incentive Account. Employees on the Option 3 plan will earn $100 EXTRA in their HSA.

We ask: how can you take care of others, if you are not taking care of yourself?

Healthy Heights (our employee well-being program) provides employees with the tools and resources needed to attain and sustain a healthy state of well-being so that they can provide compassionate and exceptional care to the patients and communities we serve!

What does hospital leadership and the benefits department see?

Your individual information is not seen by hospital leadership or the benefits department. All they see is collective data on all employees as a group.

How is this collective information used?

The collective data WTH receives on all employees will help us understand the health of our employee population at large. We will use this information to establish education and support programs that will be of the most benefit to our employees to help improve the health of our population.

Will my individual health insurance premium go up as a result of my numbers?

No.
Eligibility

Annual enrollment is your opportunity to review your benefits and make choices for the upcoming calendar year. Elections made during this annual enrollment period will become effective on January 1, 2020 and will remain in effect for the entire year, unless you experience a qualifying life or family status event.

The IRS allows employees to make certain benefit contributions through pre-tax salary reductions, which lower your taxes and save you money. Because of these tax savings, the IRS allows you to make benefit elections and changes only during certain times of the year:

- Within 30 days of your benefits-eligibility date for a new hire
- During Annual Enrollment
- Certain changes are permitted within 30 days of a qualifying life or family status event

Qualifying family or life status events include:

- Marriage
- Divorce
- Death of a dependent
- Birth or adoption of a child
- Dependent becomes ineligible for coverage
- Spouse gains or loses employment
- Switching from part-time to full-time (or vice versa) by employee or spouse
- Taking unpaid leave of absence by employee or spouse
- A significant change in the health coverage of the employee or employee’s spouse attributable to the spouse’s employment

Supporting documentation – such as birth certificates, marriage licenses, divorce decree, proof of new coverage etc. will be required.

Changes must be made within 30 days of the qualifying event. If you miss the 30 day period, you will be required to wait until the next Annual Enrollment to change your benefits. It is your responsibility to notify Human Resources within 30 days of the qualifying event.

Benefits that may only be selected upon hire, during Annual Enrollment or with a qualified life event include:

- Medical and Prescription Drug Plan
- Dental Plan
- Vision Plan
- Life and Accidental Death and Dismemberment (AD & D) Insurance
- Dependent Life Insurance
- Flexible Spending Accounts

Employee Coverage Costs and Savings

Cost Sharing

West Tennessee Healthcare pays a large portion of the premium cost for your healthcare coverage. The employee share of the cost depends on level of coverage chosen and whether the coverage includes spouse and/or dependent children.

The Premium Schedule lists the costs for medical, dental and vision coverage. This contribution will be deducted from each pay period on a pre-tax basis.

Pre-Tax Deductions Means Savings for the Employee

West Tennessee Healthcare helps the employee to save money by taking advantage of regulations that allow them to pay for benefit premiums with pre-tax dollars. Pre-tax dollars are dollars earned before state, federal and social security taxes are deducted. This applies to all benefit premiums except dependent life, short term disability, cancer, accident, critical illness, long term disability, prearranged funeral, Air Evac, ID Shield and Legal Shield.

What are pre-tax deductions?

Pre-tax deductions reduce an employee’s taxable wages, meaning they will likely owe less federal income tax and FICA tax (Social Security and Medicare taxes).

Dependent Child Definition

A dependent child (up to age 26) is defined as son, daughter, stepson, stepdaughter, eligible foster child, adopted child, or child for whom the employee has permanent legal and physical custody without regard to whether the child is married, financially supported by the employee, resides with the employee or is a full-time student.

Important Information: 30 day notification requirements

If the employee has a change of status, they have 30 days from the date of the qualifying event to notify Human Resources and supply supporting documents to make benefit changes.

Coverage for status changes are effective the date of the change in status.

If you do not fulfill this notification requirement, you must wait for the next annual enrollment period to make the changes.

Newborns must be added to your coverage. To add a newborn to your coverage, you must notify Benefits in Human Resources within 30 days of the birth.
West Tennessee Healthcare is a proud participant in the Vanderbilt Health Affiliated Network (VHAN). Our active involvement in VHAN is enabling us to have a larger impact on improving the quality and lowering the cost of health care for patients in our region. Through our work with more than 6,700 providers, 60 hospitals, 15 health systems and hundreds of physician practices and clinics, we strengthen communities and improve the quality of life across the Southeast by promoting and supporting better health.

When you choose health care services from providers in VHAN such as primary care doctors, hospitals, or imaging facilities, you are getting high-quality care at your best benefit plan level. You can benefit from enhanced focus and attention to your preventive health needs, from free cancer screenings to important tests to keep you and your covered family members healthy. You also have access to an expansive team of experts, like pharmacists, social workers and dieticians, working with your provider to support you when needed.

We hope you will choose to receive healthcare at one of West Tennessee Healthcare’s access points whenever possible, but through VHAN you also have a wide range of options across the state. Here is a brief description of your network options.

**Tier 1 Providers: VHAN (Vanderbilt Health Affiliated Network)**

- When you choose from more than 5,000 VHAN Tier 1 providers you’ll have the lowest deductible, coinsurance percentage and out of pocket maximum.
- You also have access to more than 120 walk-in, urgent care, and pediatric after-hours clinics across the state.

**Tier 2 Providers: Aetna National Network**

- In addition to providers in VHAN, Aetna has a strong presence throughout the United States. If you have a dependent college student, are travelling or live outside of VHAN’s service area, you’ll have in-network access to high caliber hospitals and physicians.
- When you choose Tier 2 providers, your deductible, coinsurance percentage and out of pocket maximum will be higher than Tier 1, but significantly lower than if you go out-of-network.

**Tier 3 Providers: Out-of-Network**

- When you choose Tier 3 or out-of-network providers, your deductible and coinsurance percentage will be significantly higher and there is no annual out-of-pocket maximum.

---

**How to Find Tier 1 (VHAN) Primary Care Provider or Specialist**

2. You can find a primary care doctor by searching for Family Medicine or Internal Medicine as the specialty.
3. To find a VHAN urgent care or a walk-in clinic: Bookmark quickcare.vhan.com on your phone or device for more than 120 urgent care, walk-in, and pediatric after-hours clinics across Tennessee.

**How to Find Tier 2 (Aetna National Network) Providers**

2. Select Enter DocFind (the box in the middle of the page).
3. Read the privacy statement and select Continue to DocFind.
4. Complete the General Search requested information by entering your zip code and the distance for your search.
5. Select a Provider Category (medical, behavioral health, etc.) and then select the Provider Type (primary care physician, specialist, etc.).
6. Select your Plan – Enter Aetna POS II Providers for all providers in Aetna’s National Network.
7. Click on Start Search. If you want to refine your search, click on More Options.
CHOICES 2020
Medical Plan Options

You have three plan options to choose from in 2020. Options 1 and 3 are Consumer Driven Health Plans with Health Reimbursement Accounts (HRAs) and Health Savings Accounts (HSAs) and Option 2 offers a Preferred Provider Organization (PPO) plan. Documents for each option are posted to WTH Intranet on the Human Resources page.

OPTION 1 · Deductible with HRA

- WTH funds your health reimbursement account to offset deductibles
- Company funded HRA promotes informed consumer choices
- Unused account funds can roll over from year to year but are forfeited at termination
- This plan offers reduced employee premiums for employees earning $14/hour or less

OPTION 2 · PPO Plan

- This is the highest cost health plan, therefore premiums are highest under this plan
- Office co-pays provide less risk and greater predictability for out-of-pocket costs
- Deductible and coinsurance will be applied to lab and imaging services that occur in physician office.
- Co-pays will be applied to physician charges only.

OPTION 3 · High Deductible with HSA

- WTH partially funds your health savings account to offset highest deductibles
- Employee contributes pre-tax contributions to the health savings account to offset out-of-pocket costs and save for future health care expenses
- Unused account funds can roll over from year to year
- HSA account accumulates interest and can be invested
- Account funds are portable at termination so the HSA lets you build up savings to offset future health care expenses
- This plan has the lowest premium but highest deductible and out-of-pocket risk

If you don’t actively participate in annual enrollment, your medical plan choice for 2020 will be selected for you based on your current plan selection.

By actively participating in annual enrollment you can select any of the three plans offered.
How the Medical Plans Work

All three plans pay 100% for preventive care. The plans differ when it comes to how you pay for expenses before and after you meet your deductible. The other big difference in the plans is that Option 1 Deductible plan offers an HRA, while Option 3 High Deductible plan offers an HSA. Here’s a rundown of how the plans work, starting with how WTH can help offset your costs.

**Your Deductible**

- You pay 100% of the costs until you meet your deductible. However, your HRA will be used to offset your deductible and other health care expenses covered by the plan. Deductible below includes account funding.

**Out of Pocket Maximums**

Once you reach the out-of-pocket amount below (including your deductible), the plan will pay 100% of the remaining eligible expenses for in-network care and services for the rest of the year. There is no out-of-pocket maximum if you go out-of-network.

### More Information on Health Accounts

If you enroll in the Option 1 Deductible w/HRA or the Option 3 High Deductible w/HSA, you’ll get money from WTH to help pay your medical expenses. If you enroll in Option 1 Deductible Plan you automatically have a Health Reimbursement Account (HRA) funded by WTH to help offset your deductible. If you enroll in Option 3 High Deductible Plan, WTH will put money in a Health Saving Account (HSA) for you. In addition, you can contribute your own tax-free money to the HSA subject to IRS maximum limitations (updated annually).

# Prescription Drug Plan for 2020

WTH has a 3-Tier, Closed Formulary plan.

What you pay falls into one of these tiers or levels:

<table>
<thead>
<tr>
<th>Tier 1: Generic</th>
<th>You pay the lowest cost for drugs in this level.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tier 2: Preferred Brand</td>
<td>You pay a slightly higher cost for drugs in this level.</td>
</tr>
<tr>
<td>Tier 3: Non Preferred Brand</td>
<td>You pay the highest cost for drugs in this level.</td>
</tr>
</tbody>
</table>

Closed formulary means the plan covers only prescription drugs in the formulary.

With your health plan, the amount you pay depends on the drug your doctor prescribes. It’s either a flat fee or a percent of the prescription price.

### Medical Plan Option 1: Deductible with HRA Plan and Medical Plan Option 2: PPO Co-pay Plan

<table>
<thead>
<tr>
<th>In House 30 day supply</th>
<th>Tier 1</th>
<th>Generic</th>
<th>$10 Co-pay</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tier 2</td>
<td>Preferred Brand</td>
<td>25% x cost of drug with Min $30 and Max $50 Co-pay</td>
<td></td>
</tr>
<tr>
<td>Tier 3</td>
<td>Non-preferred Brand</td>
<td>25% x cost of drug with Min $55 and Max $75 Co-pay</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>In House 90 day supply, maintenance medications, you pay two times monthly co-pay and receive 90 day supply.</th>
<th>Tier 1</th>
<th>Generic</th>
<th>$20 Co-pay</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tier 2</td>
<td>Preferred Brand</td>
<td>25% x cost of drug with Min $60 and Max $100 Co-pay</td>
<td></td>
</tr>
<tr>
<td>Tier 3</td>
<td>Non-preferred Brand</td>
<td>25% x cost of drug with Min $110 and Max $150 Co-pay</td>
<td></td>
</tr>
</tbody>
</table>

### Example

**Tier 3: Non-preferred Brand**

- 30 day in house: 25% x cost of drug with minimum $55 and maximum $75 co-pay

Example: If drug cost is ➞ $55 – $220 $220.01 – $299.99 $300 or more

Then variable co-pay is ➞ $55 25% x Cost $75

Specialty Depends on Tier Status

### Medical Plan Option 3: High Deductible with HSA

After deductible is met co-pays above will apply
### Medical Plan Option 1: Deductible with HRA Plan and Medical Plan Option 2: PPO Co-pay Plan

### Medical Plan Option 3: High Deductible with HSA

After deductible is met co-pays above will apply

### Employee Out of Pocket Maximum for Pharmacy Benefits Only

**Medical Plan Option 1: Deductible with HRA Plan and Medical Plan Option 3: PPO Co-pay Plan**

The Affordable Care Act set maximum limits on how much consumers can be required to pay out of pocket annually for their medical care and prescription drugs. This will be very beneficial to those with chronic illness and high cost prescriptions. The out of pocket maximum is for pharmacy only, and will be in addition to separate out of pocket maximum specific to medical care. This affects Option 1 HRA Plan and Option 2 PPO Plan only.

- Single – $2,000
- Family – $4,000

### Step Therapy – Applies to All Plans

WTH participates in a step therapy program for prescriptions used for the treatment of high cholesterol, digestive disorders and anxiety/depression. This drug coverage review promotes the appropriate use of equally effective but lower cost drugs first. Prerequisite drugs are FDA-approved and treat the same condition as the corresponding step therapy drugs.
Flexible Spending Accounts (FSA)

A flexible spending account (FSA) allows you to set aside pretax money to pay for eligible out of pocket expenses. This helps to reduce your taxes and increase your take home pay. WTH has two types of FSAs, health care and dependent care. Because of pretax dollars, these accounts are regulated by the IRS. Please see the Aetna Flexible Spending Account flyer found on the WTH Intranet on the Human Resources page.

Health Care FSA reimburses you for eligible health care expenses not otherwise paid by your plan (deductibles, copays, and coinsurance). These include medical, dental, vision, hearing and prescription drug expenses. Over-the-counter (OTC) items with a written prescription may also be reimbursed. The current annual health care FSA pretax contribution limit is $2,700 or $103.84 per pay period. The minimum contribution is $130 annually or $5 per pay period. If you and your spouse each have a health care FSA, you can each contribute $2,700.

To use your Health Care FSA funds, you may use the PayFlex Card, your account debit card, to pay for your eligible expenses. When you use the card, the funds automatically come out of your FSA. Note: Save all of your receipts and Explanation of Benefits (EOB) from your insurance plan. These may be needed to verify the use of your funds. If you pay for eligible expenses with cash, check or personal credit card, you can submit an online request for reimbursement or you can fill out a paper claim form and fax or mail to PayFlex.

For Health Care FSA, the U.S. Department of the Treasury modified the use-it-or-lose-it rule to permit your plan to allow carryover of unused funds up to $500 into the next year. The carryover amount does not count towards your annual maximum for the next year. Any unused funds greater than the carryover limit will be forfeited to the plan, after the last day of the plan year.

Dependent Care FSA reimburses you for eligible child and adult care expenses. Such expenses include day care, before and after school care, nursery school, preschool and summer day camp. The current annual dependent care FSA pretax contribution limit is $5,000 per household/family or $192.30 per pay period. If you and your spouse each have a dependent care FSA, you are limited to $5,000 between the two of you.

To use your Dependent Care FSA funds, claims can be made either online or by printing out a claim form, filling it out and either faxing or mailing in to PayFlex.

The Dependent Care FSA has the use-it-or-lose-it rule. WTH has the grace period for the account and you will have an additional 75 days to spend your dependent care FSA dollars.

Note: Per IRS rules, employees enrolled in Option 3 High Deductible Medical Plan with a Health Savings Account (HSA) cannot be enrolled in the standard Health Care FSA. HSA participants may enroll in the Limited Purpose FSA that can be used for dental and vision charges only.
Effective with your benefits for 2020, you will have choices in selecting your dental plan. Delta Dental of Tennessee will administer WTH dental plans, including claims processing for expenses incurred on or after January 1, 2020. WTH is offering two options, Option 1 - Low Option and Option 2 - High Option. Please review and carefully choose the best plan for you and your family.

*Employees with Spouse Coverage may increase coverage by one level without any evidence of insurability. First time enrollees or those requesting more than one level increase will be required to complete evidence of insurability (EOI). EOI is not required for children. EOI will be mailed to your home address.

Life and Accidental Death and Dismemberment Insurance

Available for employees in a full time, 7 on 7 off, weekenders or RN55 status.

WTH provides, at no cost to you, basic life and accidental death and dismemberment insurance coverage equal to one times your annual base salary, rounded up to the nearest thousand.

Evidence of Insurability

The evidence of insurability consists of a detailed medical questionnaire, though a medical exam may also be required.
**Supplemental Life Insurance**

You may purchase supplemental life insurance for an additional 1 or 2 times your annual base salary, up to a maximum benefit of $1,500,000 when combined with your basic coverage amount.

Employees currently enrolled in supplemental life (1 times annual salary) can increase coverage to 2 times annual salary up to guaranteed issue amount of $300,000 without evidence of insurability (EOI). Amounts over $300,000 require EOI. Employees not currently enrolled in supplemental life can enroll but will be required to complete EOI and coverage will be determined by Aetna Medical Underwriting.

**Base Annual Salary**

For calculating per pay period rate for life insurance, base annual salary is your base hourly rate before any differentials are paid, multiplied by 2,080 hours.

**Cost of Supplemental Life Insurance**

Your monthly cost will be $.16 per $1,000 of coverage

- Multiply Base Annual Salary by 1 or 2 depending on amount of coverage requested
- Round above figure to next highest $1,000
- Divide by 1,000
- Multiply your answer by $.16
- Multiply by 12 and divide by 26 to get the estimated amount you will pay per pay period

**Supplemental Accidental Death and Dismemberment (AD&D)**

You may purchase an additional 1 or 2 times your annual salary in accidental death and dismemberment coverage. The cost is $.018 per $1000 per month.

**Short Term Disability Insurance (STD)**

For eligible employees (full-time status) you may apply for STD coverage during annual enrollment. Coverage is determined by Aetna after you complete the evidence of insurability.

To calculate an estimated cost of your STD coverage, complete the following steps:

- Multiply your base rate (hourly base rate before any differentials are added) by 40
- Multiply your answer by 60% to determine weekly benefit. Round answer to nearest dollar, not to exceed $1,000
- Multiply your weekly benefit by $.83
- Divide by 10, multiply by 12 and divide by 26 to determine pay period deduction

**Long Term Disability Insurance (LTD)**

Full-time employees that have at least 5 years of employment are automatically covered under the WTH paid LTD policy. Employer paid LTD pays 50% of an employee’s monthly covered earnings up to a maximum of $12,000 per month. Full-time employees with less than 5 years of service have the option to purchase a voluntary LTD policy. Voluntary coverage pays 50% of employee’s monthly covered earnings up to a maximum of $5,000 per month.

2020 Living Well Diabetes

West Tennesee Healthcare – Employees, Spouses, Adult Dependents

Due to IRS regulations, HSA Medical Plan participants are not eligible to participate in the LivingWell Diabetes Program because the program offers disease treatment in addition to preventing future complications related to diabetes.

Program Benefits

- All Diabetes medications designated by the program as “standard of care” free of customary co-payment for enrolled diseases
- Appropriate lab tests provided through Medical Center Lab free of charge – A1C, Urine Microalbumin and Cholesterol Panel
- Appointments with educators/coaches for counseling, information and training free of charge
- Glucose meter / strips (diabetes) free of charge
- Insulin pumps and related supplies are not covered (Insulin for pumps may be covered)

Provider Role

- Provides routine primary care for participant
- Provides treatment plan which includes:
  - Guidelines for the participant related to blood glucose monitoring, exercise and food intake
  - Frequency of follow-up visits
  - Communication of changes as indicated for the various areas of treatment
- Orders labs through Medical Center Lab
- Monitor nationally recognized diabetes measures (e.g., HEDIS), to be determined each program year.

Participant Role

- Become qualified in diabetes self-management by completing one “Mini-Camp” enrollment session (2-hour class), then participating in Disease Management program at LIFT (frequency and duration of in-person and telephonic contacts specified by assigned coach)
- Follow the prescribed regimen as given by the Provider and Coach for medications, exercise, food intake, monitoring and coaching calls
- Fill all prescriptions for approved diabetic medications through the approved West Tennessee Healthcare Pharmacy and have all related labs drawn at Medical Center Lab
- Keep appointments with the Provider and Coach as scheduled. If unable to keep appointments, reschedule as soon as possible
- Follow the guidelines as presented in the Disease Management Program Agreement
- Failure of a participant to comply with all components of the program will result in disenrollment from the program
- Participant must have a primary care provider
- WTH Employees: Appointments may not be scheduled as paid time.
- Monitor nationally recognized diabetes measures (e.g., HEDIS), to be determined each program year.
Coach Role

• Coaches will assess each employee individually to identify frequency and method of coaching (face to face visit vs. telephonic). Minimum coaching calls/visits will occur quarterly.

• Serve as a “conduit for care” between the participant, provider and secondary coaches (educator, dietitian, pharmacist, physical therapist)

• Assess and address the physical and educational needs of the participant

• Assess the food intake, exercise, and monitoring records of the participant and discuss indications of the assessment

• Monitor compliance of the participant to the Disease Management Program Agreement

• Monitor nationally recognized diabetes measures (e.g., HEDIS), to be determined each program year.

The Diabetes Disease Management Program 2020 (DDMP) provides West Tennessee Healthcare Medical Plan participants (employees, spouses, dependents 18 years & older) with the opportunity to receive certain healthcare benefits related to diabetes. Whereas, program enrollment may occur throughout the 2020 calendar year, the program may cease at any time.

Eligibility status may be affected by non-compliance to the prescribed regimen. Termination of Medical Plan coverage also results in cessation of program benefits.

Enrollment

• Enrollment sessions ("Mini-Camp") for diagnosed diabetic patients will be held at various times at the LIFT Wellness Center from January through March 2020. Failure to enroll by March 31 deems participants ineligible during the 2020 calendar year. Returning members must attend one mini-camp per calendar year.

• If you have never been diagnosed with diabetes, but you have symptoms or recent lab results that indicate you may have diabetes, we recommend you follow up with your PCP as soon as possible.

• Newly hired employees of WTH who are participants in the West Tennessee Healthcare Medical Plan, and their spouses and dependents 18 years and older, may enroll in the Disease Management Program after they become eligible participants in the medical plan.

• Newly diagnosed employees, spouses, and dependents may enroll in the Disease Management Program throughout the year with documentation/date of diagnosis.

Participant Training

Registration and participation in Mini-Camp is required. Returning Members must attend one mini-camp per calendar year. You may access the sign-up sheet for Mini-Camps in public folders under Disease Management Living Well Diabetes or call (731)-425-6956.
Kick the Habit is a 4-week course that provides motivation, education, and support to help you reach the goal of tobacco cessation.

Meeting your match

Plan eligibility and employer match eligibility

All employees are eligible to make pre-tax 403(b) and 457(b) and/or Roth 403(b) and 457(b) contributions at date of hire. Full-time employees and part-time employees (hired prior to October 1, 2005) are eligible to receive the 403(b) match following 90 days of service.

403(b) vesting: when the match is officially yours to keep

If your date of hire is before February 1, 2009, you will be 100% vested in all matching contributions.

If your date of hire is on or after February 1, 2009, you will be subject to a 3-year vesting cliff, by which your matching contributions will be 100% vested on or following 3 years of service from your date of hire. Participants are fully vested upon death or age 65.

403(b) withdrawals: when you may take money out

- Separation from service
- Hardship
- Age 59½
- Death (beneficiary)
- Loans

403(b) rollovers into the Plan:

- 401(k)
- 403(b)
- 457(b)
- 401(a)
- Pension plan lump sums
- Traditional IRA

The formula: how your 403(b) contributions will be matched

If you are eligible, West Tennessee Healthcare will match 50% of what you defer up to a maximum of 6% of your base salary. The total effective match is 3% of your base salary.

Example: Julie works full-time [based on 80 hours] at West Tennessee Healthcare for an hourly base rate of $12.50. In the chart below, you will see what Julie could contribute per pay period to the 403(b) plan and what her match would be per pay period.

For current IRS limits on retirement savings account contributions, go to www.voya.com/IRSlimits.
If you have completed a hardship distribution from your 403(b) account 6 months prior to starting contributions, you will be ineligible to contribute to the plan or receive the match until the 6-month suspension has passed.

Non-vested 403(b) matching contributions are not available for loans. Employer matching contributions are not available for hardship distributions. Distributions from the Roth 403(b) money source are allowed for separation from service only. Distributions from the 457(b) Plan are allowed for separation from service only.

Effective July 1, 2011, and applicable only to a participant who has reached IRC Section 402(g) limit prior to receiving the full matching contribution, West Tennessee Healthcare may contribute to the plan an additional discretionary matching contribution equal to the difference between such full matching contribution and the matching contribution actually received.

If you are already contributing 6% or a dollar amount equal to 6% or more and if you have met the eligibility requirements above, you are already set to receive the full West Tennessee Healthcare match following 90 days of service.

You may enroll in the 403(b) Plan and/or 457(b) Plan and/or increase or decrease your contributions to the Plans at any time throughout the year by completing a salary reduction agreement or payroll authorization/change form, as applicable.

Enrollment and investment materials may be obtained by contacting the vendor listed above. 403(b) and 457(b) annual contribution limits are not correlated.

This notice is not intended as tax or legal advice. Neither your employer nor the investment provider under the Plan can provide you with tax or legal advice.

You should consider the investment objectives, risks, and charges and expenses of the variable product and its underlying fund options offered through a retirement plan, carefully before investing. The prospectuses/prospectus summaries contain this and other information, which can be obtained by contacting your local representatives. Please read the information carefully before investing.

Variable annuities are intended as long-term investments designed for retirement purposes. Early withdrawals from a 403(b) plan will be subject to an IRC 10% premature distribution penalty tax, if taken prior to age 591/2, unless an exception applies. The 10% IRC premature distribution penalty tax on early withdrawals doesn’t apply to amounts contributed to 457(b) plans or amounts rolled into those plans from other 457 plans. Money taken from the annuity will be taxed as ordinary income in the year the money is distributed. Account values fluctuate with market conditions, and when surrendered the principal may be worth more or less than its original amount invested. An annuity does not provide any additional tax deferral benefit, as tax deferral is provided by the plan. Annuities may be subject to additional fees and expenses to which other tax-qualified funding vehicles may not be subject. However, an annuity does provide other features and benefits, such as lifetime income payments and death benefits.

For 403(b)(7) fixed or variable annuities, employee deferrals (including earnings) may generally be distributed only upon your: attainment of age 591/2, severance from employment, death, disability, or hardship. Note: Hardship withdrawals are limited to employee deferrals made after 12/31/88. Exceptions to the distribution rules: No Internal Revenue Code withdrawal restrictions apply to ’88 cash value (employee deferrals (including earnings) as of 12/31/88) and employer contributions (including earnings) however, employer contributions made to an annuity contract issued after December 31, 2008 may not be paid or made available before a distributable event occurs. Such amounts may be distributed to a participant or if applicable, the beneficiary: upon the participant’s severance from employment or upon the occurrence of an event, such as a fixed number of years, the attainment of a stated age, or disability. Insurance products, annuities and retirement plan funding issued by (third party administrative services may also be provided by) Voya Retirement Insurance and Annuity Company, One Orange Way, Windsor, CT 06096-4774. Securities are distributed by Voya Financial Partners LLC (member SIPC). All companies are members of the Voya® family of companies.

Securities may also be distributed through other broker-dealers with which Voya has selling agreements. Insurance obligations are the responsibility of each individual company. Products and services may not be available in all states.

Cancer Insurance

Receiving a cancer diagnosis can be one of life’s most frightening events. Unfortunately, statistics show you probably know someone who has been in this situation.

With Cancer insurance from Allstate Benefits, you can rest a little easier. Our coverage pays you a cash benefit to help with the costs associated with treatments, to pay for daily living expenses, and more importantly, to empower you to seek the care you need.

Here’s How It Works
You choose the coverage that’s right for you and your family. Our Cancer insurance pays cash benefits for cancer and 29 specified diseases to help with the cost of treatments and expenses as they happen. Benefits are paid directly to you unless otherwise assigned. With the cash benefits you can receive from this coverage, you may not need to use the funds from your Health Savings Account (HSA) for cancer or specified disease treatments and expenses.

Meeting Your Needs
• Guaranteed Issue, meaning no medical questions to answer at initial enrollment
• Includes coverage for cancer and 29 specified diseases
• Benefits are paid directly to you unless otherwise assigned
• Coverage available for dependents
• Waiver of premium after 90 days of disability due to cancer for as long as your disability lasts (employee only)
• Coverage may be continued; refer to your certificate for details
• Additional benefits have been added to enhance your coverage

With Allstate Benefits, you can protect your finances if faced with an unexpected cancer or specified disease diagnosis. Are you in Good Hands? You can be.

DID YOU KNOW?

Early detection, improved treatments and access to care are factors that influence cancer survival.

20.3 million
The number of cancer survivors in the U.S. is increasing, and is expected to jump to nearly 20.3 million by 2026.

Offered to the employees of:

West Tennessee Healthcare
Meet TJ

TJ is like anyone else who has been diagnosed with cancer. He is concerned about his wife and how she will cope with his disease and its treatment. Most importantly, he worries about how he will pay for his treatment.

Here is what weighs heavily on his mind:

- Major medical only pays a portion of the expenses associated with my treatment
- I have copays I am responsible for until I meet my deductible
- If I am not working due to treatments, I must cover my bills, rent/mortgage, groceries and other daily expenses
- If the right treatment is not available locally, I will have to travel to get the treatment I need

Here’s how TJ’s story of diagnosis and treatment turned into a happy ending, because he had supplemental Cancer Insurance to help with expenses.

**CHOOSE**

TJ chooses benefits to help protect himself and his wife if diagnosed with cancer or a specified disease

**USE**

TJ undergoes his annual wellness test and is diagnosed for the first time with prostate cancer. His doctor reviews the results with him and recommends pre-op testing and surgery.

*Here’s TJ’s treatment path:*
- TJ travels to a specialized hospital 400 miles from where he lives and undergoes pre-op testing
- He is admitted to the hospital for laparoscopic prostate cancer surgery
- TJ undergoes surgery and spends several hours in the recovery waiting room
- He is transferred to his room where he is visited by his doctor during a 2-day hospital stay
- TJ is released under doctor required treatment and care during a 2-month recovery period

TJ continues to fight his cancer and follow his doctor recommended treatments.

**CLAIM**

TJ’s Cancer claim paid him cash benefits for the following:
- Wellness
- Cancer Initial Diagnosis
- Continuous Hospital Confinement
- Non-Local Transportation
- Surgery
- Anesthesia
- Medical Imaging
- Inpatient Drugs and Medicine
- Physician’s Attendance
- Anti-Nausea

IDENTIFICATIONS

Actual Charges vs. Actual Cost
Actual Charge - Amount billed for a treatment or service before any insurance discounts or payments.
Actual Cost - Amount actually paid by or on behalf of you, accepted as full payment by the provider of goods or services.

CERTIFICATE SPECIFICATIONS

Eligibility
Coverage may include you, your spouse or domestic partner, and children under age 26.

Termination of Coverage
Coverage under the policy ends on the date the policy is canceled; the last day premium payments were made; the last day of active employment; unless coverage is continued due to Temporary Layoff, Leave of Absence or Family and Medical Leave of Absence; the date you or your class is no longer eligible.

Spouse/domestic partner coverage ends upon divorce/termination of partnership or your death.
Coverage for children ends when the child reaches age 26, unless he or she continues to meet the requirements of an eligible dependent.

Portability Privilege
Coverage may be continued under the Portability Provision when coverage under the policy ends. Refer to your Certificate of Insurance for details.

LIMITATIONS AND EXCLUSIONS

Pre-Existing Condition Limitation
We do not pay benefits for a pre-existing condition during the 12-month period beginning on the date that person’s coverage starts. A pre-existing condition is a disease or condition for which symptoms existed within the 12-month period prior to the effective date, or medical advice or treatment was recommended or received from a medical professional within the 12-month period prior to the effective date. A pre-existing condition can exist even though a diagnosis has not yet been made.

Exclusions and Limitations
We do not pay for any loss except for losses due to cancer or a specified disease. Benefits are not paid for conditions caused or aggravated by cancer or a specified disease. Treatment and services must be needed due to cancer or a specified disease and be received in the United States or its territories.

Hospice Care Team Limitation: Services are not covered for food or meals, well-baby care, volunteers or support for the family after covered person’s death.

Blood, Plasma and Platelets Limitation: Does not include immunoglobulins or blood replaced by donors.

For the Surgery, New or Experimental Treatment and Prosthesis benefits, we pay 50% of the applicable maximum when specific charges are not obtainable as proof of loss.

For the Radiation/Chemotherapy for Cancer benefit, we do not pay for: any other chemical substance which may be administered with or in conjunction with radiation/chemotherapy; treatment planning, consultation or management; the design and construction of treatment devices; basic radiation dosimetry calculation; any type of laboratory tests; X-ray or other imaging used for diagnosis or monitoring; the diagnostic tests related to these treatments; or any devices or supplies including intravenous solutions and needles related to these treatments.

Group Cancer benefits are provided under policy form GVCP3, or state variations thereof.

The coverage provided is limited benefit supplemental cancer and specified disease insurance. The policy is not a Medicare Supplement Policy. If eligible for Medicare, review Medicare Supplement Buyer’s Guide available from Allstate Benefits. There may be instances when a law requires that benefits under this coverage be paid to a third party, rather than to you. If you or a dependent have coverage under Medicare, Medicaid, or a state variation, please refer to your health insurance documents to confirm whether assignments or liens may apply.

This is a brief overview of the benefits available under the group policy underwritten by American Heritage Life Insurance Company (Home Office, Jacksonville, FL). Details of the coverage, including exclusions and other limitations are included in the certificates issued. For additional information, you may contact your Allstate Benefits Representative.

The coverage does not constitute comprehensive health insurance coverage (often referred to as “major medical coverage”) and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.
Accident Insurance

Today, active lifestyles in or out of the home may result in bumps, bruises and sometimes breaks. Getting the right treatment can be vital to recovery, but it can also be expensive. And if an accident keeps you away from work during recovery, the financial worries can grow quickly.

Most major medical insurance plans only pay a portion of the bills. Our coverage can help pick up where other insurance leaves off and provide cash to help cover the expenses.

With Accident insurance from Allstate Benefits, you can gain the advantage of financial support, thanks to the cash benefits paid directly to you. You also gain the financial empowerment to seek the treatment needed to be on the mend.

Here’s How It Works

Our coverage pays you cash benefits that correspond with hospital and intensive care confinement. Your plan may also include coverage for a variety of occurrences, such as: dismemberment; dislocation or fracture; ambulance services; physical therapy and more. The cash benefits can be used to help pay for deductibles, treatment, rent and more.

Meeting Your Needs

• Guaranteed Issue, meaning no medical questions to answer
• Benefits are paid directly to you unless otherwise assigned
• Pays in addition to other insurance coverage
• Coverage also available for your dependents
• Premiums are affordable and can be conveniently payroll deducted
• Coverage may be continued; refer to your certificate for details

With Allstate Benefits, you can protect your finances against life’s slips and falls. Are you in Good Hands? You can be.

West Tennessee Healthcare
Meet Daniel & Sandy

Daniel and Sandy are like most active couples: they enjoy the outdoors and a great adventure. They have seen their share of bumps, bruises and breaks. Sandy knows an accidental injury could happen to either of them. Most importantly, she worries about how they will pay for it.

Here is what weighs heavily on her mind:
- Major medical will only pay a portion of the expenses associated with injury treatments
- They have copays they are responsible for until they meet their deductible
- If they miss work because of an injury, they must cover the bills, rent/mortgage, groceries and their child’s education
- If they need to seek treatment not available locally, they will have to pay for it

Daniel’s story of injury and treatment turned into a happy ending, because he had supplemental Accident Insurance to help with expenses.

**CHOOSE**

Daniel and Sandy choose benefits to help protect their family if they suffer an accidental injury.

**USE**

Daniel was playing a pick-up game of basketball with his friends when he went up for a jump-shot and, on his way back down, twisted his foot and ruptured his Achilles tendon.

**Here’s Daniel’s treatment path:**
- Taken by ambulance to the emergency room
- Examined by a doctor and X-rays were taken
- Underwent surgery to reattach the tendon
- Was visited by his doctor and released after a one-day stay in the hospital
- Had to immobilize his ankle for 6 weeks
- Was seen by the doctor during a follow-up visit and sent to physical therapy to strengthen his leg and improve his mobility

Daniel would go online after each of his treatments to file claims. The cash benefits were direct deposited into his bank account.

Daniel is back playing basketball and enjoying life.

**CLAIM**

Daniel’s Accident claim paid cash benefits for the following:

- Ambulance Services
- Medicine
- Medical Expenses (Emergency Room and X-rays)
- Initial Hospital Confinement
- Hospital Confinement
- Tendon Surgery
- General Anesthesia
- Accident Follow-Up Treatment
- Physical Therapy (3 days/week)

For a listing of benefits and benefit amounts, see your company’s rate insert.

CERTIFICATE SPECIFICATIONS

Conditions and Limits
When an injury results in a covered loss within 90 days (unless otherwise stated on the Benefits page) from the date of an accident and is diagnosed by a physician, Allstate Benefits will pay benefits as stated. Treatment must be received in the United States or its territories.

Eligibility
Your employer decides who is eligible for your group (such as length of service and hours worked each week).

Dependent Eligibility/Termination
Coverage may include you, your spouse and your children. Coverage for children ends when the child reaches age 26, unless he or she continues to meet the requirements of an eligible dependent. Spouse coverage ends upon valid decree of divorce or your death.

When Coverage Ends
Coverage under the policy and riders (if included) ends on the earliest of: the date the policy or certificate is canceled; the last day of the period for which you made any required contributions; the last day you are in active employment, except as provided under the Temporarily Not Working provision; the date you are no longer in an eligible class; or the date your class is no longer eligible.

Continuing Your Coverage
You may be eligible to continue coverage when coverage under the policy ends. Refer to your Certificate of Insurance for details.

EXCLUSIONS AND LIMITATIONS

Exclusions and Limitations for the Base Policy and Benefit Enhancement Rider: Benefits are not paid for: injury incurred before the effective date; act of war or participation in a riot, insurrection or rebellion; suicide or attempt at suicide; injury while under the influence of alcohol or any narcotic, unless taken upon the advice of a physician; any bacterial infection (except pyogenic infections from an accidental cut or wound); participation in aeronautics unless a fare-paying passenger on a licensed common-carrier aircraft; committing or attempting an assault or felony; driving in any race or speed test or testing any vehicle on any racetrack or roadway; hernia, including complications; serving as an active member of the Military, Naval, or Air Forces of any country or combination of countries.

This brochure is for use in enrollments situated in TN and is incomplete without the accompanying rate insert.

This material is valid as long as information remains current, but in no event later than August 30, 2022.

Group Accident benefits are provided under policy form GVAPI, or state variations thereof. Benefit Enhancement Rider benefits are provided under rider form GVAPBER, or state variations thereof.

The coverage provided is limited benefit supplemental accident insurance. The policy is not a Medicare Supplement Policy. If eligible for Medicare, review Medicare Supplement Buyer’s Guide available from Allstate Benefits. There may be instances when a law requires that benefits under this coverage be paid to a third party, rather than to you. If you or a dependant have coverage under Medicare, Medicaid, or a state variation, please refer to your health insurance documents to confirm whether assignments or liens may apply.

This is a brief overview of the benefits available under the group policy underwritten by American Heritage Life Insurance Company (Home Office, Jacksonville, FL). Details of the coverage, including exclusions and other limitations are included in the certificates issued. For additional information, you may contact your Allstate Benefits Representative.

The coverage does not constitute comprehensive health insurance coverage (often referred to as “major medical coverage”) and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.
Critical Illness Insurance

No one is ever really prepared for a life-altering critical illness diagnosis. The whirlwind of appointments, tests, treatments and medications can add to your stress levels.

The treatment to recovery is vital, but it can also be expensive. Your medical coverage may only cover some of the costs associated with treatment. You’re still responsible for deductibles and coinsurance. If treatment keeps you out of work, the financial worries can grow quickly and stress levels may rise.

Critical Illness coverage helps provide financial support if you are diagnosed with a covered critical illness. With the expense of treatment often high, seeking the treatment you need could seem like a financial burden. When a diagnosis occurs, you need to be focused on getting better and taking control of your health, not stressing over financial worries.

Here’s How It Works

You choose benefits to protect yourself and any family members if diagnosed with a critical illness. Then, if diagnosed with a covered critical illness, you will receive a cash benefit based on the percentage payable for the condition.

Meeting Your Needs

- Guaranteed Issue, meaning no medical questions to answer at initial enrollment
- Coverage available for dependents
- Covered dependents receive 50% of your Basic-Benefit Amount
- Benefits paid regardless of any other medical or disability plan coverage
- Premiums are affordable and conveniently payroll deducted
- Coverage may be continued; refer to your certificate for details
- 25% of your Basic-Benefit Amount is paid for Advanced Alzheimer’s Disease and Advanced Parkinson’s Disease

With Allstate Benefits, you can make treatment decisions without putting your finances at risk. Are you in Good Hands? You can be.

Meet Ashley

Ashley is like any single parent who has been diagnosed with a critical illness. She’s worried about her future, her children and how they will cope with her treatments. Most importantly, she worries about how she will pay for it all.

Here is what weighs heavily on her mind:

- Major medical only pays a portion of the expenses associated with my treatment
- I have copays I am responsible for until I meet my deductible
- If I am not working due to my treatments, I must cover my bills, rent/mortgage, groceries and my children’s education
- If the right treatment is not available locally, I will have to travel to get the treatment I need

Ashley’s story of diagnosis and treatment turned into a happy ending, because she had supplemental Critical Illness Insurance to help with expenses.

**CHOOSE**

Ashley chooses Critical Illness benefits to help protect her and her children, if they are diagnosed with a critical illness.

**USE**

During Ashley’s annual wellness exam, her doctor noticed an irregular heartbeat. She underwent an electrocardiogram (EKG) test and stress test, which confirmed she had a blockage in one of her coronary arteries.

Here’s Ashley’s treatment path:

- Ashley has her annual wellness exam
- Her doctor notices an abnormality in her heartbeat; tests are performed and she is diagnosed with coronary artery disease
- After visits with doctors, surgeons and an anesthesiologist, Ashley undergoes surgery
- Surgery is performed to remove the blockage with a bypass graft. She is visited by her doctor during a 4-day hospital stay and released
- Ashley follows her doctor required treatment during a 2-month recovery period, and has regular doctor office visits

Ashley is doing well and is on the road to recovery.

**CLAIM**

Ashley’s Critical Illness claim paid her cash benefits for the following:

- Wellness
- Coronary Artery Bypass Surgery

The cash benefits were direct deposited into her bank account.

For a listing of benefits and benefit amounts, see your company’s rate insert.
Benefits (subject to maximums as listed on the attached rate insert)

Benefit paid upon diagnosis of one of the following conditions

INITIAL CRITICAL ILLNESS BENEFITS*

Heart Attack - the death of a portion of the heart muscle due to inadequate blood supply. Established (old) myocardial infarction and cardiac arrest are not covered.

Stroke - the death of a portion of the brain producing neurological sequelae including infarction of brain tissue, hemorrhage and embolization from an extra-cranial source. Transient ischemic attacks (TIAs), head injury, chronic cerebrovascular insufficiency and reversible ischemic neurological deficits are not covered.

Major Organ Transplant - transplant of heart, lung, liver, pancreas, or kidneys. Transplanted organ must come from a human donor.

End Stage Renal Failure - irreversible failure of both kidneys, resulting in peritoneal dialysis or hemodialysis. Renal failure caused by traumatic events, including surgical trauma, are not covered.

Coronary Artery Bypass Surgery - to correct narrowing or blockage of one or more coronary arteries with bypass graft. Abdominal aortic bypass, balloon angioplasty, laser embolectomy, atherectomy, stent placement and non-surgical procedures are not covered.

Waiver of Premium (employee only) - premiums waived if disabled for 90 consecutive days due to a critical illness.

CANCER CRITICAL ILLNESS BENEFITS*

Invasive Cancer - malignant tumor with uncontrolled growth, including Leukemia and Lymphoma. Carcinoma in situ, non-invasive or metastasized skin cancer and early prostate cancer are not covered.

Carcinoma In Situ - non-invasive cancer, including early prostate cancer (stages A, I, II) and melanoma that has not invaded the dermis. Other skin malignancies, pre-malignant lesions (such as intraepithelial neoplasia), benign tumors and polyps are not covered.

SUPPLEMENTAL CRITICAL ILLNESS BENEFITS*

Advanced Alzheimer’s Disease - must exhibit impaired memory and judgment and be certified unable to perform at least three daily activities without adult assistance.

Advanced Parkinson’s Disease - must exhibit two or more of the following: muscle rigidity, tremor, or bradykinesia (slowness in physical and mental responses); and be certified unable to perform at least three daily activities without adult assistance.

Benign Brain Tumor - a non-cancerous tumor confirmed by biopsy or surgical excision, or specific neuro-radiological examination, and persistent neurological deficits including but not limited to: loss of vision; loss of hearing; balance; or speech.

Coma - unconsciousness due to sickness or traumatic brain injury, with severe neurologic dysfunction and unresponsiveness for 14 consecutive days. Requires significant medical intervention and life support. Medically induced coma is not covered.

Complete Blindness - irreversible reduction of sight in both eyes.

Complete Loss of Hearing - total and irreversible loss of hearing in both ears.

Paralysis - total and permanent loss of voluntary movement or motor function of 2 or more limbs.

Occupational HIV - exposure to HIV must be accidental and during normal occupational duties. Must not have previously tested positive for HIV.

OPTIONAL/ADDITIONAL BENEFIT

Wellness Benefit - $300. Each person, per calendar year; see left for list of wellness services and tests.

* Benefits paid once per covered person. When all benefits have been used, the coverage terminates.

1 Daily activities include: bathing, dressing, toileting, bladder and bowel continence, transferring and eating.

CERTIFICATE SPECIFICATIONS

Eligibility
Your employer decides who is eligible for your group (such as length of service and hours worked each week). Issue ages are 18 and over.

Dependent Eligibility/Termination
Family members eligible for coverage are your spouse or domestic partner and children. Coverage for children ends when the child reaches age 26, unless he or she continues to meet the requirements of an eligible dependent. Spouse coverage ends upon valid decree of divorce or your death. Domestic partner coverage ends when the domestic partnership ends or your death.

When Coverage Ends
Coverage under the policy ends on the earliest of: the date the policy is canceled; you stop paying your premium; the last day of active employment; you are no longer eligible; a false claim is filed; when all benefits have been paid under the policy.

Continuing Your Coverage
You may be able to continue coverage when coverage under the policy ends. Refer to your Certificate of Insurance for details.

BENEFIT CONDITIONS

Conditions and Limits
A diagnosis occurring before your coverage begins is not payable; however, a diagnosis of any covered critical illness after your effective date will be payable. Benefits are subject to the Pre-Existing Condition Limitation, as well as all other limitations and exclusions. All critical illnesses must meet the definitions and dates of diagnoses stated in the certificate and be diagnosed by a physician while coverage is in effect. The date of diagnosis for each illness must be separated by 30 days. Emergency situations outside the U.S. will be considered when you return to the U.S.

If the first diagnosis of cancer occurs before the effective date of coverage, benefits are paid for a subsequent diagnosis of cancer after the effective date, subject to the terms and conditions in the certificate.

Pre-Existing Condition Limitation
Benefits are not paid for: a critical illness that is, caused by, contributed to by or results from, a pre-existing condition when the date of diagnosis is within 12 months after the effective date of coverage. A pre-existing condition is a condition, whether diagnosed or not, for which symptoms existed within the 12-month period prior to the effective date; or medical advice or treatment was recommended or received from a medical professional within 12 months prior to the effective date.

Exclusions
Benefits are not paid for: war or participation in a riot, insurrection or rebellion; intentionally self-inflicted injury or assault; illegal activities or occupations; suicide while sane; or self-destruction while insane, or any attempt at either; substance abuse, including alcohol, alcoholism, drug addiction, or dependence upon any controlled substance.

This brochure is for use in enrollments situated in TN, and is incomplete without the accompanying rate insert.

This material is valid as long as information remains current, but in no event later than August 30, 2022.

Group Critical Illness benefits are provided under policy form GVCIP2, or state variations thereof.

The coverage provided is limited benefit supplemental critical illness insurance. The policy is not a Medicare Supplement Policy. If eligible for Medicare, review Medicare Supplement Buyer's Guide available from Allstate Benefits.

This is a brief overview of the benefits available under the group policy underwritten by American Heritage Life Insurance Company. (Home Office, Jacksonville, FL). Details of the coverage, including exclusions and other limitations, are included in the certificates issued. For additional information, you may contact your Allstate Benefits Representative.

The coverage does not constitute comprehensive health insurance coverage (often referred to as "major medical coverage") and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.
If they need you, you need a Champion

Life Insurance—Valuable protection for your loved ones

You work hard to provide a good life for your family. However, what if something happens to you? If they need you, you need a champion to defend and protect your family with money to help pay for:

- Rent and mortgage
- College Education
- Retirement
- Household Expenses
- Long Term Care
- Childcare
- Family Debt
- Burial

Make a promise to protect the future. Let LifeTime Benefit Term (LBT) be your Champion. It lasts a lifetime—guaranteed. LifeTime Benefit Term provides money to your family at death, and while you are living too, if you need home health care, assisted living or nursing care. For the same premium, LifeTime Benefit Term provides higher benefits than permanent life insurance and lasts to age 121.

Features

- Affordable Financial Security
  Lifelong protection with premiums beginning as low as $3 per week.

LIFETIME BENEFIT TERM | CHAMPION
Life Insurance with Money for Long Term Care
Creative Solutions for Term Life Insurance

Guaranteed Premiums
Life insurance premiums will never increase and are guaranteed through age 100. Thereafter no additional premium is due while the coverage can continue.

Guaranteed Benefits During Working Years
Death Benefit is guaranteed 100% when it is needed most—during your working years when your family is relying on your income. While the policy is in force, the death benefit is 100% guaranteed for the longer of 25 years or age 70.

Guaranteed Benefits After Age 70
Even after age 70, when income is less relied upon, the benefit is guaranteed to never be less than 50%. And based on current interest rates the full death benefit is designed to last a lifetime.

Paid-up Benefits
After 10 years, paid up benefits begin to accrue. At any point thereafter, if premiums stop, a reduced paid up benefit is guaranteed. Flexibility is perfect for retirement.

Long Term Care (LTC)*
If you need LTC, you can access your death benefit while you are living if you are unable to perform two of six Activities of daily Living and require nursing home, home health care, assisted living, or adult day care services and you have a Severe Cognitive Impairment that requires substantial Supervision to protect you from threat of health or safety. You will receive 4% of your death benefit per month while you are living for up to 25 months to help pay for LTC. Insurance premiums are waived while this benefit is being paid.

Extension of Benefits*
Extends the monthly Long Term Care benefit for up to an additional 25 months, after 100% of the base death benefit has been used for LTC.

Terminal Illness Benefit
After the coverage has been in force for two years, you can receive 50% of your death benefit immediately, up to $100,000, if you are diagnosed as terminally ill.

Additional Benefit Options

Accidental Death Benefit Doubles the death benefit if death results from an accident.

Child Term Benefit Death Benefits available up to $25,000. Guaranteed conversion to individual coverage at age 26—up to 5 times the benefit amount.

Waiver of Premium Waives premium if you become totally disabled.

Payor Waiver of Premium Waives premium of your spouse, if you become totally disabled.

* LTC and Extension of Benefits premiums may be adjusted based upon the experience of the group or other group characteristics that may affect results. Premiums will not be increased solely because of an independent claim.

LifeTime Benefit Term Exclusions
If the insured commits suicide, while sane or insane, within two years (one year in some states) from the Date of Issue, and while this Coverage is in force, We will pay in one sum to the Beneficiary, the amount of premiums paid for this Coverage.

Long Term Care Exclusions We will not pay Long Term Care benefits for care that is received or loss incurred as a result of: 1) an intentionally self-inflicted injury, or attempted suicide; or 2) war or any act of war, declared or undeclared, or service in the armed forces of any country; or 3) treatment for an injury or sickness; or 4) to pay Long Term Care benefits for care administered by a physician, or except while under treatment for an injury or sickness, or 5) the insured's commission of, or attempt to commit, a felony; or an injury that occurs because of the Insured's involvement in an illegal activity. We will not pay Long Term Care benefits if the confinement, Home Health Care services, or Adult Day Care service: 1) is received outside the United States and its territories; 2) is provided by ineligible providers; or 3) is rendered by members of the Certificateholder's or the Insured's Immediate Family.

Here’s how LifeTime Benefit Term can be Your Family’s Champion

As Life Insurance
LifeTime Benefit Term protects your family with money that can be used any way they choose. It is most often used to pay for mortgage or rent, education for children and grandchildren, retirement, family debt, and final expenses.

For Long Term Care
If you become chronically ill, LifeTime Benefit Term will pay you 4% of your death benefit each month you receive Long Term Care. You can use this money any way you choose, and your life insurance premiums will be waived.

Your death benefit will reduce proportionately each month as your receive benefit payments for Long Term Care. Your life insurance will continue to help you protect your assets for 25 months. After 25 months of receiving Long Term Care Benefits, your death benefit will reduce to zero. With Extension of Benefits, if you continue to need LTC after you have exhausted your Death Benefits, you can receive up to 25 more months of benefits, for a total of 50 months of LTC benefits.
